SPECIFICATIONS ANNEX 2 COCKPIT ERGONOMICS

COCKPIT ERGONOMICS

The cockpit is designed to meet the requirements of high performance sportive cross-country and competition soaring on one hand and those of comfortable leisure and travelling flights on the other hand.

It fits for pilots from 1.60 m (5'3") to 2.00 m (6'7").

Features:

- Adjustable seats fitting a wide range of pilots without additional cushions
- Optional space for parachute in backrest
- Low sill height of only 96 cm (38") for easy entry
- Perfect ergonomics and comfort for long flights
