Sales ROW: info@reinerstemme.aero

## elfin FIRST CLASS OPTION PROGRAM

Both models *elfin* 20.e and 20.ex are delivered as high-quality „Fly Away“ versions with all the essential functions and equipment pilots need. This opens up the possibility of individual upgrades by safety equipment, performance parts and accessories from the *elfin* first class option program.

All the options can be purchased at any subsequent time and will be retrofitted if needed. Call us for »on request« options.
